Design Portfolio

Lead generation is our specialty.

Samba Scientific is a global community of scientists and companies that accelerate the adoption of innovative biotechnologies. We deliver effective, responsive, and ROI-focused inbound marketing for biotech & life science brands.

Samba's experience in the industry

01 Pathology & Immunology

- Tumor profiling
- Immuno-oncology
- Immune sequencing
- Liquid biopsy & ctDNA
- Cell & gene therapies

02 Translational Omics

- NGS library preparation
- Sequencing services
- Transcriptomics
- Proteomics
- Single-cell analysis

03 Software & Instruments

- Sequencing instrumentation
- LIMS software
- Bioinformatics & reporting
- Robotics
- Machine learning/AI

04 Syn Bio & Cell Engineering

- CRISPR & RNAi
- DNA/RNA synthesis
- Microbiome Rx/Dx
- Organism engineering
- HTP screening

Our clients include

SeqCoast Genomics, D-Mark, Broad Institute, Sanguine, CytoImage, YDS, Twist Bioscience, LanterneDx, Singular Genomics, BCS Bovine Cell Standards, TwinStrand Biosciences, Ocean Genomics, Pillar Biosciences, iReporter, nodexus, Molecular Assemblies, Flagship Biosciences, somalogic, seqWell, Form Bio, Personalis, Watchmaker Genomics, BioChain, Celltheon, FieldLine Medical, Foresight Diagnostics, Oligo Factory, Cellsonics, isolation bio, DxTerity, Infinome Biosciences, Aurealis Therapeutics, APIE Therapeutics, Spencer Trask, Genapsys, Helio Health, Slone Partners, Alcyone Therapeutics, Danaher, SophiA Genetics, molecularloop, labbit, PacBio, Paige, opentrons, PRL, LuminUltra, Combinati, the playbook, HTG, Fabric Genomics, Ultivue, Visiopharm, Dovetail Genomics, Artisan, Cantata Bio
